WARRANTY CARD TERMS AND CONDITIONS

The following terms and conditions of the service to be provided by Zoostorm:

What this Warranty Covers

Zoostorm warrants that each hardware product that you purchase is free from defects in materials and workmanship under normal use during the warranty period. Only the cost of the parts and labour involved in servicing any eligible repairs under the On-Site warranty service, are covered. The warranty service is available in mainland UK only.

The provision of the service under this Zoostorm warranty will be on the PC Base Unit only and does not include monitors or other peripherals, which are covered by separate manufacturer's warranty agreements.

This warranty also includes a technical support service via telephone and e-mail for the full duration of the warranty. This technical support service is limited to hardware and software supplied.

How to Obtain Warranty Service

If the product does not function as warranted during the warranty period, please contact the Zoostorm Service & Support Dept either via telephone on 0344 800 6183 or email support@zoostorm.co.uk Monday to Friday 8.00am to 5.00pm, excluding bank holidays. A Support engineer will attempt to diagnose and resolve all problems over the telephone or e-mail and may direct you to download and install designated software updates as required. Some problems can be resolved with a replacement part that you can install yourself called a "Customer Replaceable Unit" or "CRU." If so, Zoostorm will ship the CRU to you for you to install.

If the problem cannot be resolved over the telephone or remotely, through your application of software updates or the installation of a CRU by you, Zoostorm will arrange service of the product via an on-site qualified engineer provided Monday to Friday, 9am to 5.30pm (excl. Bank holidays). An engineer visit will be arranged for next business day, subject to parts availability and the fault reported by 3.00pm.

If in the unlikely event Zoostorm are unable to repair the unit, Zoostorm will replace it with an equivalent. If Zoostorm determine that problems are as a result of customer misuse, improper maintenance, accidents, modifications, unsuitable physical operating environments, power surges or natural disasters, Zoostorm will offer to repair the product at a "fair" price to you, where possible.

Replacement of a Product or Part

When the warranty service involves the replacement of a product or part, the faulty product or part becomes Zoostorm's property and the replacement product or part becomes your property. Only unaltered Zoostorm products and parts are eligible for replacement. The replacement product or part provided by Zoostorm may not be new, but it will be in good working order and functionally equivalent to the original product or part. The replacement product or part shall be warranted for the balance of the period remaining on the original product.

Before Zoostorm replace a product or part, you agree to:

1. Remove all features, parts, options, alterations, and attachments not under warranty service;
2. Ensure that the product or part is free of any legal obligations or restrictions that prevent its replacement; and
3. Obtain authorisation from the owner to have service on a product or part if you do not own it.

Charges

Any visits, repairs, parts supplied or other work carried out, which are found to be outside the terms of this warranty, will be charged to the customer, and will be payable at the point of service. Once a time and date have been agreed for an engineer visit, a charge will be levied if access to the equipment is denied during our normal working hours of service.
