WARRANTY CARD TERMS AND CONDITIONS

The following terms and conditions of the service to be provided by Zoostorm:

What this Warranty Covers

Zoostorm warrants that each hardware product that you purchase is free from defects in materials and workmanship under normal use during the warranty period. Only the cost of the parts and labour involved in servicing any eligible repairs under the Return to Base warranty service are covered.

The warranty service is available for UK return delivery only.

The provision of the service under this Zoostorm warranty will be on the Zoostorm PC Base Unit or Portable unit only and does not include monitors or other peripherals, which are covered by separate manufacturer's warranty agreements. This warranty also includes a technical support service via telephone and e-mail for the full duration of the warranty. This technical support service is limited to hardware and software supplied.

How to Obtain Warranty Service

If the product does not function as warranted during the warranty period, please contact the Zoostorm Service & Support Dept either via telephone on 01925 847282 or email support@zoostorm.com Monday to Friday 9.00am to 5.00pm, excluding bank holidays. A Support engineer will attempt to diagnose and resolve all problems over the telephone or e-mail and may direct you to download and install designated software updates as required.

Some problems can be resolved with a replacement part that you can install yourself called a "Return Manufacture Authorisation" or "RMA." If so, Zoostorm will ship the RMA

to you for you to install upon receipt of the faulty part. If the received part is damaged through misuse the RMA will not be honoured, the faulty part will be returned and a quote can be provided for a replacement.

If the problem cannot be resolved over the telephone through your application of software updates or the installation of a RMA by you, Zoostorm will arrange service of the product via an on-site qualified engineer provided Monday – Friday, 9.00AM -5.30pm (Excl. Bank holidays). An engineer visit will be arranged for the next business day, subject to parts availability and the fault is reported before 3.00pm (Monday – Friday). If more than 3 parts may be the issue we will arrange for the unit to come in house rather than an engineer to attend On-Site. This way we can fully test the unit and provide our feedback as to what the issue was. In the event the engineer visit has not resolved the issue reported then the unit will need to be returned to the repairs centre for further testing.

If in the unlikely event Zoostorm are unable to repair the unit, Zoostorm will replace it with an equivalent. If Zoostorm determine that problems are as a result of customer misuse, improper maintenance, accidents, modifications, unsuitable physical operating environments, power surges or natural disasters, Zoostorm will offer to repair the product at a "fair" price to you, where possible.

Replacement of a Product or Part

When the warranty service involves the replacement of a product or part, the faulty product or part becomes Zoostorm's property and the replacement product or part becomes your property. Only unaltered Zoostorm products and parts are eligible for replacement. The replacement product or part provided by Zoostorm may not be new, but it will be in good working order and functionally equivalent to the original product or part. The replacement product or part shall be warranted for the balance of the period remaining on the original product.

Before Zoostorm replace a product or part, you agree to:

1. Remove all features, parts, options, alterations, and attachments not under warranty service;
2. Ensure that the product or part is free of any legal obligations or restrictions that prevent its replacement; and
3. Obtain authorisation from the owner to have service on a product or part if you are not the registered owner at the registered address.

Care of Equipment

The customer must ensure the environmental and power supply conditions are suitable for the equipment and that the equipment is cared for and maintained in accordance with the manufacturers recommendations and instructions.

General Conditions

The customer will ensure that no adjustments, interference or repairs are carried out to the equipment other than by an authorised representative of Zoostorm; failure to comply with these conditions will invalidate the warranty. It is the customer's responsibility to ensure that adequate backups of all applications, operating systems and data are maintained. In the event of fault emanating from a manufacture or design fault, it may be necessary for the machine to be returned to the manufacturer for fault diagnosis, repair and test to include a factory reset.

Upgraded/additional components can be installed by the customer however if the system is damaged as a result, this will not be covered under this warranty. All original components will need to be returned to the system if a repair is needed on the system, Original parts will need to be kept for the duration of the warranty.

EXCLUSIONS

Breakdowns or failures arising from any external influences such as misuse, neglect, excessive wear to the equipment and other external influences such as, but not limited to, poor environmental conditions, electrical power surges, power failure, the use of incompatible or uncertified accessories or media and the effect of computer viruses.

Force Majure

Zoostorm will not be liable for failures or delays attributable to causes beyond its control.

Governing Law

The warranty agreement shall be governed by English Law.

Variation

No variation can be made to these terms and conditions without the written consent of a Director of Zoostorm.

Customer Additional Responsibilities

Where applicable, before service is provided, you agree to:

1. Follow the service request procedures that Zoostorm specify;
2. Backup or secure all programs and data contained in the product;
3. Provide Zoostorm with all system keys or passwords to perform the warranty service; and
4. Ensure that all information about identified or identifiable individuals ("Personal Data") is deleted from the product or that, with respect to any Personal Data that you do not delete, you are in compliance with all applicable laws.
5. Before a system is sent for a repair, the unit must be returned to factory settings as originally supplied.
6. Keep all original packaging for the duration of the warranty to ensure the unit can be returned to the repair centre without enduring damage during transit.

Use of Personal Information

If you obtain service under this warranty, Zoostorm will store, use and process information about you including name, phone numbers, address, and e-mail address. Zoostorm will only use this information to perform service under this warranty. Zoostorm reserve the right to contact you after you have obtained services under this warranty to enquire about your satisfaction regarding our warranty service or to notify you about any product recalls or safety issues. Zoostorm will only disclose your information where required to by law.

What This Warranty Does Not Cover

- This warranty does not cover any persons that are not the registered owners of the warranty.
- Loss of, or damage to, any data including confidential, proprietary, or personal data contained in/on the product. You should remove and/or backup all such information from the product prior to its service or return.
